about the harvest

The grapes were harvested at 23° Balling, handpicked and sorted in the vineyards.

in the cellar

Cooled down overnight to 5° C in refrigerated containers. The grapes were hand sorted over a sorting table and into the tank for 24hr skin contact. After the contact period, pressed and only the free run juice used to make this wine. Fermented at 13° C till dry. Spent 3 months on lees. Fined and bottled without filtration.
